Dear Jerry,

Just wanted to let you know our transition to Cadusys was very smooth. I appreciate your professional manner and the way in which you handled our account transition.

As you know, we were "under the gun" to find a new system for our after hours calls. Our previous company decided to eliminate the service they offered and allow their customers to terminate early. Since we had been displeased with their level of service, we were happy to make a change. After researching several services and companies, we were impressed with your offer of a 30 day free trial as well as the very good recommendation from one of your local accounts. Thanks for solving a very important problem for us and doing exactly what you said you would do.
